

The New World of Infrastructure Planning & Financing: Asset Management Plans & Other Critical Tools

The members of the WeirFoulds Municipal and Planning Practice and Hemson Consulting invite you to join us for the annual WeirFoulds client seminar. This year's topics will include:

1. Maximizing infrastructure revenue while minimizing conflict, with success stories from
 - Jeff Lehman, Mayor, City of Barrie
 - Martin Hayward, Treasurer & Director of Finance, City of London
 - Scott Mathers, Manager, Stormwater Management, City of London
2. Maximizing the use of current infrastructure financing tools
 - John Ballantine, Manager, Financing and Infrastructure Policy, Ministry of Municipal Affairs and Housing
3. What to expect on the horizon – long term financial planning under the changes found in Bill 73
4. Best practices for preparing Asset Management Plans and other financial planning tools
5. Use of alternative dispute resolution tools
