

WeirFoulds IT & IP lawyers discuss, “Defending data, protecting privacy: Understanding cybersecurity in Canada” in recent article published by *Lexpert Magazine*

September 8, 2021

On September 8, 2021, *Lexpert Magazine* published a timely article authored by WeirFoulds lawyers [Thomas Wong](#), Partner in our Corporate Practice Group and [Lisa Danay Wallace](#), Senior Associate in our Technology and Intellectual Property Practice Group.

The duo combined their expertise in their respective fields and dove into topics such as cyberattacks, countermeasures and consumer protections.

As the world has seen the technological revolution of the digital age accelerate in recent years, there has been a corresponding surge in criminal activity taking place in cyberspace. In their article, Thomas and Lisa help us understand the twin issues of cybersecurity and data protection to help guide readers through the current online landscape.
