

Three WeirFoulds lawyers recognized in 2023 *Lexpert Special Edition: Technology and Health Sciences*

June 26, 2023

Congratulations to our three partners who have been recognized in the 2023 *Lexpert Special Edition: Technology and Health Sciences*. The special edition features Lexpert-ranked lawyers who advise leading tech companies and health sciences businesses, whether on intellectual property or corporate or regulatory law. The special edition is the product of an extensive peer survey process, and was published digitally on June 26, 2023.

Our listed lawyers include:

- Robert Eberschlag
- James Kosa
- Thomas Wong (Lawyer to Watch)

The [Technology and Intellectual Property Practice Group](#) at WeirFoulds services a wide range of industries old and new, including retail, transportation, government, education, manufacturing, food, information technology, finance, and professional services. Their experience and expertise in technology law range from traditional categories (IT service agreements, licensing, software development) to new and emerging technologies (Blockchain, Fintech, AI).
