

Susan Han Profiled in the Private Capital Markets Association (PCMA) Magazine

January 15, 2018

WeirFoulds Partner Susan Han was featured in the Private Capital Markets Association of Canada (PCMA) Member Spotlight feature in the *Private Capital Markets* magazine Winter 2017 edition.

When discussing the importance of membership in the PCMA, Susan responded, "Membership is both how you can contribute and how you can benefit. Inclusion of mid-market capital markets participants in the national conversation is critical to our collective economic health. The humungous institutions have well-functioning mechanisms for communication and influence, and that's fine. But PCMA serves a vital role in giving voice to emerging and less established interests.'

The Private Capital Markets Association of Canada (PCMA) primary focus is on being an effective national industry voice for its members and helping its members understand and meet their regulatory obligations. They focus on effective advocacy, in-depth educational events, networking opportunities, publications with timely in-depth regulatory updates that drive industry dialogue around regulatory change, and providing valuable membership benefits. Members includes small and large firms, dealers, issuers and industry professionals and individuals from across our industry.
